Removal of Deposits From Copyright Office

NOTICE is given to authors, copyright proprietors, and other lawful claimants that they may claim and remove before January 1, 1967, any article of the following named classes of published works deposited for copyright between January 1, 1961, and January 1, 1962, not reserved or disposed of as provided by sections 213 and 214 of Title 17 of the *United States Code* and still remaining in the files of the Copyright Office at the time of the request for their removal. The classes of published works covered by this notice are:

Books and pamphlets.

Works of art; models or designs for works of art.

Reproductions of a work of art.

Drawings or plastic works of a scientific or technical character.

Photographs.

Prints and pictorial illustrations excluding prints or labels used for articles of merchandise.

Other published works and all unpublished works are excluded from this notice.

The request for the removal of any copyright deposit should be signed by the person entitled thereto or his duly authorized agent. Such request should identify the work by stating the title, author, copyright proprietor, registration number, and year of deposit, and should be addressed to the Copyright Office, Library of Congress, Washington, D.C. 20540.

L.C. card 6-35347

This number identifies the Library of Congress printed card for the complete series of the Catalog of Copyright Entries.

For sale by the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402. Price of this part is given on page vi.

Preface

The CATALOG OF COPYRIGHT ENTRIES is published by authority of sections 210 and 211 of Title 17 of the *United States Code*. Section 210 provides in part: "The current catalog of copyright entries and the index volumes herein provided for shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

The Catalog is subdivided into parts corresponding to the classes of material listed in section 5 of Title 17 of the United States Code. The table at the end of this preface shows the organization of the Catalog, the symbols used with the registration numbers to distinguish the classes, and the prices of the semiannual issues.

The record of each copyright registration listed in the *Catalog* includes a description of the work copyrighted and data relating to the copyright claim (the name of the copyright claimant as given in the application for registration, the copyright date, the copyright registration number, etc.).

Information as to changes of copyright ownership is not included in the *Catalog*, but a search of the Copyright Office Assignments and Related Documents Indexes may be requested from the Register of Copyrights, and a fee for the search and report will be estimated at the statutory rate of \$3 per hour.

In the case of each registration listed, except for renewals, there has been deposited a copy or copies of the work in accordance with the provisions contained in sections 12, 13, 14, or 215 of Title 17 of the *United States Code*.

For a more complete description of the contents of this issue of the *Catalog* see p. vii.

Orders, payable in advance, for all parts of the Catalog of Copyright Entries should be sent to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402. Orders may be placed for individual issues, as subscriptions for one or more parts, or for the complete Catalog at \$20 a year, and for periods of one, two, or three years. All orders should state clearly the title and the inclusive dates of the part wanted. Checks or money orders should be made payable to the Superintendent of Documents.

The Copyright Office welcomes inquiries, suggestions, and comments on the content and organization of the *Catalog*. Such communications should be addressed to the Chief of the Cataloging Division, Copyright Office, Library of Congress, Washington, D.C. 20540.

Organization of Parts

Each part listed in the following table records all current registrations in the class or classes indicated by the alphabetical symbols. Renewal registrations are separately listed at the end of each related part. The first letter of the symbol is that of the class under which registration is made; the second, if any, is a designation added by the Copyright Office for the purpose of statistical analysis. A zero immediately following the symbol, e.g., AF0, EF0, identifies a foreign work deposited under the waiver-of-fee provision (section 215 of Title 17 of the United States Code). Some parts also contain registrations made under other symbols if the subject matter or type of material is similar to that generally included in the part.

Introduction

PART 2 lists issues of domestic and foreign periodicals currently registered in class B. Renewal registrations in class B and renewal registrations of foreign periodicals originally registered in class A are included. In addition to popular and scholarly journals, these works include many house organs, adventure and comic periodicals, and a number of newspapers.

Arrangement is by title. Each issue registered is recorded under the main title of the periodical. In general, the titles of publications of societies, institutions, and other corporate bodies beginning with such general and nondistinctive terms as Annals of, Bulletin of, Journal of, etc., followed by the name of the body, are inverted to file under the name; e.g.:

AMERICAN ASSOCIATION FOR CANCER RESEARCH. PROCEEDINGS. FRANKLIN INSTITUTE OF THE STATE OF PENNSYLVANIA. JOURNAL.

Variations in titles as given in the copies and applications are explained in notes, enclosed in parentheses. A title which consists of two or more titles connected by such phrases as combined with, incorporating, etc., is written as follows:

SELECTED SECURITIES GUIDE—MARKET TIMER.

References lead from variant titles, from titles of specific issues, and from other titles associated with the periodical. Works for which the subsisting copyright has been renewed are listed separately in the Renewal Registrations section.

The Claimant Index to the names of claimants given in the main entries covers both currently registered works and renewal registrations, the latter being identified by the symbol (R).

Each main entry includes the following items of information if available and applicable:

- 1) Title.
- 2) Changes in title, recorded following the phrases *Continuing* or *Continued as*.
- 3) Copyright symbol ©.
- 4) Name of the copyright claimant.
- 5) Volume number.
- 6) Issue number, issue date, or issue title.
- 7) Copyright symbol ©.
- 8) Publication date for each issue as given in the application.
- 9) Registration number for each issue.

Whenever it is necessary to indicate a variation between the information given in the application and in the copy of the work with respect to the claimant's name or the date of publication, the data from the application are given first, followed by the phrase "in notice" and the data given in the work; e.g., © 3Jan63 (in notice: 1962); B11500.

For renewal registrations each main entry includes the following information:

- 1) Title.
- 2) Copyright symbol ©.
- 3) Name of the renewal claimant.
- 4) Statement in parentheses, usually abbreviated, giving the basis of the renewal claim as supplied by the applicant; e.g., "John Doe & Co. (PCW)" indicates that renewal of copyright is claimed by John Doe & Co. as proprietor of copyright in a composite work.
- 5) Data identifying the specific issues in which renewal is claimed, consisting generally of volume number, issue number, and issue date.
- 6) Copyright symbol ©.
- 7) Date of original copyright.
- 8) Original registration number.
- 9) Date of receipt of the renewal application or fee, whichever is later.

10) Renewal registration number.

Illustrative examples of typical entries are given below:
